# SUPPORTING BREAST CANCER AWARENESS

The Pink Ribbon offset aluminum cane makes a big statement while it makes it easier to get around. Height-adjustable from 29" to 38" in one-inch increments, it's topped off with a soft, comfortable PVC grip and stylish pink wrist strap. Strength is built in with a 250 pound capacity, secure locking ring and lifetime warranty on the frame. Tips, grips and "wearable parts" are warranted for six months.

This cane is Medline's newest initiative in the fight against breast cancer. Not only will its pink ribbon design help raise awareness with everyone who sees it, but **Medline will proudly donate \$1 to the National Breast Cancer Foundation for every pink cane sold.** The NBCF is active in promoting early detection and prevention, and provides grants that fund free mammograms for underserved women.

Help Medline spread the word with the Pink Ribbon cane—**early detection and mammograms save lives!**
