

Pediatric Healthcare Apparel and Infant Care Products from Medline

Pediatric Healthcare Apparel and Infant Care Products from Medline

There is not a health care treatment plan in the world that doesn't work a little better with a positive attitude. And for children who must stay away from home in a hospital, providing a cheerful environment can greatly reduce their fears and aid their speedy recovery. That's why Medline is proud to use this catalog as a way of introducing you to the many new and innovative products we offer for your pediatric and nursery departments.

We know a smile may be just the medicine the doctor ordered for your small patients...and even more importantly, these products have been designed with the child's safety, comfort, and ultimate well-being in mind. Should you have any questions regarding our line of pediatric apparel or infant care products, please contact your Medline representative...or call us toll-free at 1-800-MEDLINE.

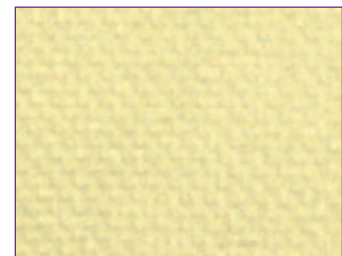

Comfort-Knit Pediatric Apparel

Medline's New Comfort-Knit Pediatric Gowns & PJ Pants Will Hug Them with Softness, Wash After Wash...

Our new 100% polyester Comfort-Knit fabric is our most durable and can withstand harsher processing than brushed polyester. These deluxe-cut gowns feature self-material back and neck ties, or select our I.V. gowns with metal snaps on sleeves and back. Matching PJ pants are also available, featuring a drawstring waist and buttonless fly.

Deluxe Pediatric Patient Apparel

Pediatric Patient Gowns and I.V. Gowns

Pediatric PJ Top and PJ Bottom

Our New Tired Tiger Pediatric Line Keeps Your Little Patients Smiling

Your little patients will love our new Tired Tiger line of pediatric wear that features fun and friendly tigers resting quietly in the leaves. Made from comfortable 100% polyester woven fabric, these laundry-friendly items will hold up to high laundry temperatures better than brushed polyester fabrics, and are guaranteed to remain flame-retardant for the life of the garment. Color-coded by size for convenience in sorting.

Pediatric Patient Gowns

These deluxe-cut gowns will fit a better range of sizes, and have a straight-back closure with self-material color-coded ties.

Deluxe-Cut Size Guide

The following size guide is meant to be approximate only, as some children grow more rapidly than others. But these Deluxe-Cut gowns should fit these age groups the majority of the time:

2-4 yrs old	Small
5-7 yrs old	Medium
8-10 yrs old	Large

Every Kid's Favorite—Medline & McDonald's® Pediatric Gowns and Matching PJ Pants

Children everywhere have come to know and love Ronald McDonald® and all his McDonaldland® friends, including Grimace®, The Hamburglar®, Birdie the Early Bird®, and the Fry Kids®. That's why these deluxe-cut pediatric patient gowns are so popular . . . they feature the whole McDonaldland gang in a health care scenario as a single panel design. A full six inches longer than the average pediatric gown, these flame-retardant, 100% Trevira® polyester pediatric gowns boast a heavier weight, more opaque front panel, and an overlap tie-back closure for greater modesty. Soft and warm gowns and matching pajama pants with drawstring waist are color-coded by size. Gowns available in regular or with I.V. snap sleeves.

One-Ply Infant Head Warmers

Two-Ply Infant Head Warmers

Baby Booties

Infant Feeding Systems

Dr. Brown's Bottle Helps Reduce Colic

The patented Natural Flow internal vent system is the only vent that eliminates the vacuum and the air bubbles found in most baby bottles. It allows air to enter through the nipple collar, without being incorporated into the breast milk or formula. Babies feed more comfortably because the vent allows babies to nurse without fighting the negative effects of a vacuum or the discomfort of ingesting air bubbles. This reduces colic, spit-up, burping and gas.

Item #	Description	Qty
HAN275	Eight-Ounce Bottle with Level-One Nipple	36 ea/cs
HAN175	Four-Ounce Bottle with Level-One Nipple	36 ea/cs
HAN300	Level-One Nipples	36 ea/cs

This Breast Pump Provides for a More Natural and Comfortable Suction

The unique silicone diaphragm provides a guaranteed 100% reliable, comfortable suction without the need for noisy motors or batteries found in electric pumps. As you pump, five petal-shaped massagers flex in and out, gently massaging the area behind the nipple. The result: more milk faster and more naturally than with any other pump. The kit includes Isis Breast pump, 2-4 oz milk storage bottles, 2 newborn nipples, nipple travel pack and 2 sealing discs, which convert bottles to storage containers.

Pediatric Scales & Bassinets

This Digital Baby Scale is Also Usable as Floor Scale for Children up to 110 lbs.

With their dual function, these baby scales are a small sensation: at the touch of a button, the tray can be detached quickly and easily from the base, leaving you with a robust floor scale for children weighing up to 44 lbs (MPH07SB4) or 110 lbs (MPH07SB5). As the two elements are securely connected with one another, it is absolutely safe to lift and transport the scale. The soft, round shape of the tray gives the baby that very important feeling of safety and security. With the breast-milk-intake function, it is easy to determine the exact amount of milk the baby has taken when being breast-fed.

Item #	Description	Qty
MPH07SB4	Capacity: 44 lbs / 20 kg Graduation: 0.5 oz < 22 lbs > 1 oz / 20 g Functions: TARE, HOLD, BMIF, kg/lbs switch-over	1/ea
MPH07SB5	Capacity: 110 lbs / 50 kg Graduation: 1 oz < 44 lbs > 2.5 oz / 20 kg > 50g Functions: TARE, HOLD, BMIF, kg/lbs switch-over	1/ea

This Scale Has an Extra-Large Weighing Tray to Provide Maximum Safety from Falls

The shell-shaped design of this scale is consistent with the high demands made on its multiple functions: suitable for babies and infants weighing up to 40 lbs, the large tray provides maximum safety against the baby falling from the scale. The clear controls of the user interface are located on the slightly raised, ergonomically formed side of the scale facing the user. A large LCD display makes it quick and easy to determine the weight. A further advantage of this scale is that it can also be operated using batteries and thus be used anywhere. The scale's extremely robust, hygienic surface of high-quality plastic is easily and quickly cleaned.

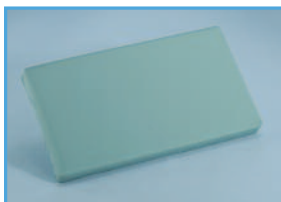

Item #	Description	Qty
MPH07SB6	Capacity: 44 lbs / 20 kg Graduation: 0.25 oz < 22 lbs > 0.5 oz / 5 g < 10 kg > 10 g Functions: TARE, HOLD, kg/lbs switch-over Optional: AC adapter	1/ea

This Bassinet Is Specially Formed So Baby Can Lay Flat or in Trendelenburg Position

A shelf and one drawer underneath the basket provide additional storage space, as well as adding strength and rigidity. Ballbearing swivel casters with two brakes transport baby comfortably and safely. The clear acrylic infant basket has a card holder for baby ID and rests in specially formed support rods so it can be set in the flat or Trendelenburg position (sold separately). Measures 31"W x 17.75"D x 38.5"H.

Thermoscan® Thermometers

The NEW Braun Thermoscan Pro 4000 Thermometer patented technology is an ergonomically designed ear thermometer engineered to take temperatures easily and accurately with the click of a button.

- Exclusive ExacTemp technology provides an active user feedback light that signals that the probe has positioned in a stable way throughout the measurement, avoiding inaccurate measurements by handling errors.
- Preheated probe tip minimizes the cool down effect experienced when taking repeat temperatures, improving accuracy and repeatability.
- Automatic probe cover eject button for quick and easy removal of used probe covers.
- Built-in cross-contamination safeguards – probe cover sensor reminds operator to use a new probe cover.
- Wide range of patient temperature – 68°F-108°F patient range allows for rescue of intensive care.
- Wide range of ambient temperature – 50°F-104°F ambient range allows for use in most environments.
- Durable – tested for damage resistance.
- Convenient wall-holder for Pro 4000 unit w/probe cover storage is available.
- 3-Year limited warranty coverage.

Medline Infant Heel Warmer

Infant Heel Warmers help minimize trauma from needle sticks. Heel warmers increase blood flow to infant's heel area, minimizing potential bruising, infection or cartilage damage caused by frequent heel sticks from blood tests. Specially designed gel pack conforms gently to infant's heel - activates instantly and has lift-and-stick tape for easy application and removal.

Item #	Description	Qty
