## Flushable Dry Wipes

Medline, makers of ReadyFlush™, fully dispersible flushable wipes, introduces a new product — NatureSoft Dry Wipes!

**Observable  
and Measurable  
Breakdown in 15 Turns!**

**Peace of Mind Is a Flush Away.** NatureSoft Dry Wipes are unique in the medical market. Medline's experts developed this revolutionary dry wipe to meet the acceptance criteria for flushability.\* Observable and measurable change results when NatureSoft wipes are agitated in water. The fully dispersible wipes break down with only 15 turns, so you can have peace of mind that you won't incur expensive plumbing repairs!

**Be Kind to the Environment.** NatureSoft Dry Wipes passed the ASTM standard (E1720) test for biodegradability. These wipes won't pollute or harm the environment. As a biodegradable product, NatureSoft supports the vision of Hospitals for a Healthy Environment (H2E).

**The Flushable Wipe for All Your Cleaning Needs.** NatureSoft Dry Wipes are made of the amazing Hydraspun® material — strong and absorbent — for all cleaning uses. Hypoallergenic, the wipes are ideal for resident care. NatureSoft Dry Wipes are hygienic — wastes and pathogens are flushed away to reduce contamination and eliminate odors.

**Be Green — Conserve Resources and Lower Costs.** NatureSoft Dry Wipes have a substantial shelf life and cost only pennies per wipe versus traditional laundry costs.
