

ONIX PLUS™

Exceeds ANSI Z87.1-2003 High Impact Requirements
Lenses provide 99% protection against harmful UV rays

THE PEAK OF SAFETY AND STYLE

3-angle adjustable flip lens allows users to freely adapt to different working procedures.

Outer flip lens is available in 2 IR Filter lens options. Ideal for use around welding sites and in cutting and brazing applications.

Dual lens and frame with unique outer flip lens system provides users with multiple options. Flip the outer lens up for general applications. Flip the outer lens down for applications where tinted lenses are needed.

Newly designed adjustable nosepiece provides 3 different angles, allowing the user to find the most comfortable fit.

Ultimate Vision Protection with Multiple Functional Features
