

REDURAN[®] SPECIAL

Reduran[®] Special is a unique hand cleaner for the removal of dyestuffs which are reducible under alkaline conditions.

Description

REDURAN[®] SPECIAL is a slightly alkaline, solvent and preservative-free specialty hand cleaner for removing dyestuffs. The reducing agent contained in the products converts dyes into their colorless form. Then, the synthetic detergents in REDURAN[®] SPECIAL emulsify the dyes in water, enabling them to be rinsed from the skin.

Areas of Application

For removing dyestuffs which are reducible under alkaline conditions, such as printing and copying inks, fruit and vegetable colorants, aniline dyes and azo dyes.

Product Description

Beige, fine-grained, fragranced, preservative-free, paste-like suspension.

Density (at 68° F) approx. 1.175 - 1.193 g/cm³; pH-value 8.5 - 9.9.

Use

- Rub REDURAN[®] SPECIAL thoroughly onto dry hands.
- Add a little water and wash until most of the colorant/dyestuff has been removed.
- Rinse thoroughly, using plenty of water.
- Dry thoroughly.

If necessary, repeat the washing procedure after drying.

Ingredients

PEG-8
Laureth-10
Sodium Hydrosulfite
PEG-2 Rapeseed Aminopropylamine
Walnut Shell Powder
Silica
Propylene Glycol
Tetrasodium EDTA
C12-16 Alkyl Hydroxyethyl Ethylcellulose
CI 77891
Sodium Phosphate
Fragrance

Features

Special cleansing system for removing dyestuffs

Contains reducing agent

Contains all-natural walnut shell powder as a scrubber

No water added

Preservative-free

Benefits

Ideal for situations where dyestuff contamination is difficult to remove

Reducible dyestuffs are converted into their uncolored form and can then be washed off the skin.

Enhances the cleansing process, will not plug drains or pipes. In addition, walnut shell powder is a biodegradable, renewable raw material, making it kind to the environment

Effective and economical cleansing with only small amounts of cleanser needed

Can be used by individuals sensitive to preservatives

PRODUCT-INFO

...keeping working skin healthy

STOKO[®]
SkinCare 

Skin Compatibility Tests

As a specialty hand cleanser, REDURAN® SPECIAL has a satisfactory skin compatibility.

First Aid

Contact with eyes will cause irritation. If REDURAN® SPECIAL accidentally enters the eyes, flush thoroughly with lukewarm water. Contact a physician if burning sensation persists.

Storage Information

Reduran® Special can be stored in a closed container at room temperature for at least 30 months.

Store product to avoid contact with acids.

Additional Information

Frequent skin contact with hazardous substances requires the use of a high quality skin cleanser like REDURAN® SPECIAL and often the use of a special Before Work product. Contact STOKO® Skin Care or its appointed distributors for advice on selecting the appropriate products.

Occupational skin irritation, frequent washing and harsh climates can lead to dry, rough and chapped skin. To replace lost moisture and oils and help keep skin healthy, skin should also be regularly treated after work with an appropriate conditioning product, such as STOKOLAN®, STOKO® LOTION or STOKO® VITAN.

Sizes

100 ml tube - 30152

5000 ml pail - 30154

1000ml softbottle (for STOKO VARIO® or STOKO VARIO ULTRA® dispenser) - 30153
