

rectangular step can - 38L - brushed - classic

Our fingerprint-proof rectangular step can is designed for superior durability and strength with our patented lid shox technology and a durable, all steel pedal. The space-efficient shape and internal hinge allow this can to fit in tight corners or close against the wall.

- strong, all-steel pedal: Our strong, all-steel pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years.
- silent close lid: Our patented lid shox® technology controls the motion of the lid for a slow, silent close.
- fingerprint-proof: Fingerprint-proof finish resists smudges to keep stainless steel shiny.
- internal hinge: Internal hinge allows you to place this can right up against the wall.
- hide excess bag: Bag tuck® opening tucks away excess bag so it stays neatly out of sight.
- stay-open lid: Keep the lid open whenever you need it — great for long chores.
- built-in wheels: Built-in wheels make the can easy to move (50L only).
- patented toe kick: Patented toe kick provides easy access to the pedal and helps protect the can.
- sturdy, non-skid base: Non-skid base has rubber pads that are gentle on floors and keep the can steady.
