

45 litre butterfly step can fingerprint-proof brushed stainless steel

Our fingerprint-proof butterfly step can has an innovative butterfly lid design that opens from the center for maximum efficiency and clearance under low countertops. The slim, space-saving shape makes the most of tight spaces, while the strong, all-steel pedal and patented lid shox® technology ensure the can will function smoothly and quietly for years.

- strong, all-steel pedal: Our strong, all-steel pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years.
- butterfly lid: Split doors open from the center for maximum clearance under low countertops.
- silent close lid: Our patented lid shox® technology controls the motion of the lid for a slow, silent close.
- fingerprint-proof: Fingerprint-proof finish resists smudges to keep stainless steel shiny.
- slim, space-saving shape: Designed to make the most of tight spaces.
- internal hinge: Internal hinge allows you to place this can right up against the wall.
- hide excess bag: Bag tuck® opening tucks away excess bag so it stays neatly out of sight.
- stay-open lid: Keep the lid open whenever you need it — great for long chores.
- sturdy, non-skid base: Non-skid base has rubber pads that are gentle on floors and keep the can steady.
- custom fit can liners: Our liners are tailored to perfectly fit our cans so they don't slip and the bag stays completely hidden when the lid is closed.
