

**STOKO® REFRESH 4 in 1 Sensitive Skin foam is a fragrance free and dye free, mild formulation. Contains Aloe Vera and Glycerin to help condition the skin. The product is also biobased in accordance with the USDA's BioPreferred<sup>SM</sup> program.**

### **Description**

STOKO® REFRESH 4 in 1 Sensitive Skin Foam has high customer preference with thick foam that provides a luxurious hand wash. Effectively promotes frequent hand washing with a fragrance and dye-free formula containing skin conditioners that leave skin feeling soft and smooth.

Each refill features the Hygeni-Lok® system which ensures a safe, clean, hygienic product, free from germs and bacteria. The bottle and pump are completely replaced with every changeout providing a fresh new system each time. The high performance patented foaming pump provides a full bodied foam with no clogging. The efficiency of the foaming pump helps to give a cost savings. Each activation of the pump releases .4ml of soap compared to 1-1.5ml in conventional systems.

Green Seal<sup>TM</sup> certified and USDA BioPreferred<sup>SM</sup>  
SKU#334966 1000ml  
Provides up to 2,500 pumps per 1000ml refill.

### **Directions for Use**

- Pump foam in palm of hand, add a little water and wash thoroughly.
- Rinse thoroughly with potable water after washing.

<b>Feature</b>	<b>Benefit</b>
Contains Aloe Vera and Glycerin	Skin conditioning
Thick, luxurious foam	Encourages frequent handwashing
Attractive, durable dispenser	Perfect for front-end restrooms
New pump with every changeout	For better hygiene
pH balanced	Better skin compatibility

Easy to change refill	"Click n' Go" changeouts are simple, fast and efficient

### **Skin Compatibility**

Under conditions of a Human Patch Test, no evidence of primary irritation or allergic hypersensitivity was found. No negative reactions occurred after 24, 48 and 72 hours.

### **Ingredients**

Water  
Sodium Laureth Sulfate  
Glycerin  
Cocamidopropyl Betaine  
Sodium Benzoate  
PEG-7 Glyceryl Cocoate  
Citric Acid  
Aloe Barbadensis Leaf Juice Powder

### **First Aid**

For external use only. If STOKO® REFRESH Sensitive Skin Foam accidentally enters the eyes, flush immediately with lukewarm water and contact a physician. Discontinue use if irritation or redness develops. If condition persists for more than 72 hours, consult a physician. Keep out of reach of children. If swallowed, call your physician.

### **Storage Information**

STOKO® REFRESH Sensitive Skin Foam can be stored in a closed container for at least 30 months at room temperature.

All STOKO® Skin Care products are tested for stability at temperatures between 23°F and 104°F. When tested at temperatures below 41°F and above 86°F, the products begin to fluctuate in viscosity. Hand cleaners may become cloudy or freeze partially at temperatures of 32°F or below, however, they are usable after thawing. For optimum dispensing performance, keep from freezing temperatures.

### **Additional Information**

Occupational skin irritation, frequent washing or harsh climates can lead to dry, rough and chapped skin. This condition can result in irritation/rupture of the outer layer of the skin which impairs its natural protective function. To help regenerate damaged tissue after work, the skin should be regularly treated with Stoko Lotion, Stokolan or Stoko SkinRelief. In doing so, the skin is replenished with moisture, lipids and hydrophilic nutrients. People who already have extremely rough or very dry skin are advised to use a before-work, barrier-like cream with high oil content. Contact STOKO Skin Care or its appointed distributors for advice on selecting the appropriate products.
