

STOKO®  **MOISTURIZING SPRAY**
Refresh
PRODUCT INFORMATION

STOKO® REFRESH 4 in 1 Moisturizing Spray Soap is a Green Seal™ certified product providing cost effective cleansing dispensed in spray form. The product is also biobased in accordance with the USDA's BioPreferredSM program.

Description

STOKO® REFRESH 4 in 1 Moisturizing Spray incorporates no-drip dispensing with cost-effective products that are gentle to the skin, even with everyday use. Concentrated formulation sprays on hands for light-duty cleansing. 0.4ml of product is sprayed per pump, ensuring significant cost savings over traditional liquid systems. In addition, a brand new bottle is inserted at time of refill, offering a much more hygienic solution than bulk-fill systems that often harbor bacteria.

Each refill features the Hygeni-Lok® system which ensures a safe, clean, hygienic product, free from germs and bacteria. The bottle and pump are completely replaced with every changeout providing a fresh new system each time. The high performance patented spray pump provides an even amount of product in the palm of your hand with no clogging.

Green Seal™ Certified and USDA BioPreferredSM.
 SKU#34980 500ml
 Provides up to 1,250 pumps per 500ml refill.

Directions for Use

- Spray product in palm of hand, add a little water and wash thoroughly.
- Rinse thoroughly with potable water after washing.

Skin Compatibility

Under conditions of a Human Patch Test, no evidence of primary irritation or allergic hypersensitivity was found. No negative reactions occurred after 24, 48 and 72 hours.

Feature	Benefit
Contains Aloe Vera and Glycerin	Skin conditioning
Concentrated formulations	Less cleanser needed per handwash but still offers effective cleansing power
0.4ml of product dispensed per pump	Saves money versus traditional liquid systems
Easy to change bottle	"Click N' Go" changeouts are simple, fast, and efficient
No-drip valve	No soap puddles on countertops, sinks or floors
Attractive, durable dispenser	Perfect for front-end restrooms
New pump with every changeout	For better hygiene
pH balanced	Better skin compatibility

- Water
- Sodium Laureth Sulfate
- Glycerin
- Cocamidopropyl Betaine
- Sodium Benzoate
- PEG-7 Glyceryl Cocoate
- Fragrance
- Citric Acid
- Aloe Barbadensis Leaf Juice Powder
- Blue 1
- Yellow 5

First Aid

For external use only. If STOKO® REFRESH Moisturizing Spray accidentally enters the eyes, flush immediately with lukewarm water and contact a physician. Discontinue use if irritation or redness develops. If condition persists for more than 72 hours, consult a physician. Keep out of reach of children. If swallowed, call your physician.

Storage Information

STOKO® REFRESH Moisturizing Spray can be stored in a closed container for at least 30 months at room temperature.

All STOKO® Skin Care products are tested for stability at temperatures between 23°F and 104°F. When tested at temperatures below 41°F and above 86°F, the products begin to fluctuate in viscosity. Hand cleaners may become cloudy or freeze partially at temperatures of 32°F or below, however, they are usable after thawing. For optimum dispensing performance, keep from freezing temperatures.

Additional Information

Occupational skin irritation, frequent washing or harsh climates can lead to dry, rough and chapped skin. This condition can result in irritation/rupture of the outer layer of the skin which impairs its natural protective function. To help regenerate damaged tissue after work, the skin should be regularly treated with Stoko Lotion, Stokolan or Stoko SkinRelief. In doing so, the skin is replenished with moisture, lipids and hydrophilic nutrients. People who already have extremely rough or very dry skin are advised to use a before-work, barrier-like cream with high oil content. Contact STOKO Skin Care or its appointed distributors for advice on selecting the appropriate products.
