*Biometric Time Clock System – Ethernet*

SIMPLE ⋮ SMART™

A brilliant end to buddy punching.

The TT Elite Bio stores a unique finger scan for each employee.

The new **TT Elite Bio** unites simple to use time & attendance with undisputable biometric technology to quickly identify employees.

- Instantly clocks employees In & Out with **"touch" of finger**[1]
- **Eliminates** costly **"buddy punching"**.
- **Eliminates paper** time cards, time sheets, swipe **cards** or **badges**.
- Powerful TimeTrax™ software offers flexible **payroll management & reporting tools** including editing capabilities & 10 analytical reports
- Ethernet connectivity **enables multiple time clock stations** eliminating congested "punch lines" & delays in arrival & departure times (additional terminals sold separately)
- **Expandable** to accommodate unlimited employees[2]
- **Exports** to most major payroll providers

[1]Time Clock terminal does not store actual fingerprint.
[2]Employee software upgrades & additional terminals sold separately. Registers up to 1000 employee finger scans per terminal. Holds up to 6000 punches per terminal, per download. Increase savings by adding terminals.
