

McKesson Cohesive Bandages

Features & Benefits

- Self-adhering
- Quick and easy removal
- Sustained compression level
- Lightweight and breathable
- Comfortable non-slip design
- Will not stick to hair or skin
- Helps circulation and healing

Consistent, Superior Value Cohesive Bandages

McKesson Medi-Pak™ Performance Cohesive Bandages are self-adhering for fast and easy application. Manufactured with nylon fibers to prevent constriction and shrinkage, McKesson Cohesive Bandages are available in a variety of colors and sizes.

McKesson Cohesive Bandages are ideal for wrapping legs post-operatively, securing I.V.s and other devices, controlling edema and as a compression bandage.
