### **Section 4: First Aid Measures**

---

---

**Eye Contact:** Immediately flush with plenty of water for 15 minutes. Call a physician if irritation persists.

**Skin Contact:** Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.

**Inhalation:** Remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.

**Ingestion:** Wash out mouth immediately. Consult physician.

---

---

### **Section 5: Fire-Fighting Measures**

---

---

**Flammable Properties:** As defined by OSHA, this product is not flammable.

Flash Point: 430°F / 221°C (COC)      Upper Explosive Limit: 7.0  
Autoignition Temperature: > 500°F / > 260°C      Lower Explosive Limit: 0.9

**Fire and Explosion Data:**

**Suitable Extinguishing Media:** Foam, dry powder, Halon®, carbon dioxide, sand, earth & water mist. Do not use water jet.

**Products of Combustion:** Smoke, soot, hydrocarbons and oxides of carbon, sulfur & nitrogen.

**Explosion Hazards:** Containers, when exposed to heat from fire, may build pressure and rupture.

**Protection of Fire-Fighters:** Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

---

---

### **Section 6: Accidental Release Measures**

---

---

**Personal Precautions:** Use personal protection recommended in Section 8.

**Environmental Precautions:** Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains.

**Methods for Containment & Clean-up:** Dike area to contain spill. Ventilate the area with fresh air. If in confined space or limited air circulation area, clean-up workers should wear appropriate

respiratory protection. Scrape up bulk, then wipe up remainder with cloth. To prevent walking hazard, pick up remaining residue with diatomaceous earth.

---

---

**Section 7: Handling and Storage**

---

---

**Handling Procedures:** Do not use near sources of ignition. Provide adequate ventilation during use. Wear appropriate personal protective equipment. For product use instructions, please see the product label.**Storage Procedures:** Store in a cool dry area out of direct sunlight. Containers should be tightly closed while in storage.**Aerosol Storage Level:** NA

---

**Section 8: Exposure Controls/Personal Protection**

---

---

**Exposure Guidelines:**

COMPONENT	OSHA		ACGIH		OTHER		UNIT
	TWA	STEL	TWA	STEL	TWA	SOURCE	
Petroleum oil	5*	NE	5*	NE	NE		mg/m <sup>3</sup>
Nonhazardous blend	NE	NE	NE	NE	NE		
Graphite	2.5 (v)	NE	2	NE	2.5	NIOSH	mg/m <sup>3</sup>

**Controls and Protection:****Engineering Controls:** Area should have ventilation to provide fresh air. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at the source, preventing dispersion into the general work area. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations.**Respiratory Protection:** None required for normal work where adequate ventilation is provided. If engineering controls are not feasible or if exposure exceeds the applicable exposure limits, use a NIOSH-approved cartridge respirator with organic vapor cartridge. Air monitoring is needed to determine actual employee exposure levels. Use a self-contained breathing apparatus in confined spaces and for emergencies.**Eye/face Protection:** For normal conditions, wear safety glasses. Where there is reasonable probability of liquid contact, wear splash-proof goggles.**Skin Protection:** Use protective gloves such as nitrile or PVC. Also, use full protective clothing if there is prolonged or repeated contact of liquid with skin.
