

***SAFELY SECURE  
YOUR SHARPS.***

**Sharps Containers**  
Safe disposal systems for every need

# SAFETY, PERFORMANCE, ASSURANCE.

A variety of sharps disposal systems to fit your needs.

As the manufacturer of these products, we are able to cut costs without sacrificing quality. Medline sharps containers are among the safest in the market with easy-to-see fill lines to reduce over-filling and accidental needle sticks. Innovative lid designs offer more variety for all types of sharps and limit unwanted access to container contents. Containers lock easily for final disposal and safe transportation.

# PATIENT ROOM SHARPS CONTAINERS

MDS705153  
(Shown with cabinet MDS707953)

These sharps disposal containers are designed for use in patient rooms, on med carts, or in high traffic areas.

- » Counter-balanced lid creates a torturous path to facilitate safe disposal
- » Lid design facilitates one-handed operation
- » Horizontal drop design for maximum capacity to fill line
- » Easy-to-see fill levels
- » Multiple cabinet and bracket options

# LARGE PG-II CONTAINERS

SEE BACK  
PAGE FOR  
ACCESSORIES  
KEY.

Large PG-II waste containers have been tested to comply with Department of Transportation (DOT) requirements to eliminate the need for secondary packaging upon disposal. These containers are designed for use in restricted access areas.

- » Safe disposal for operating room, chemotherapy and other medical waste
- » Trolley cart with foot pedal allows for hands-free operation
- » Lids feature a gasket seal to resist leaking
- » Integrated side handles make containers easy to carry
