

Safety Data Sheet

This Safety Data Sheet (SDS) is not intended for consumers and does not address consumer use of the product. For information regarding consumer use and applications of this product, refer to the product label/insert.

1. Identification

Common / Trade Name: Hyland's Earache Drops

Code: EARDA

Manufacturer: Standard Homeopathic Company
154 W. 131st St.
Los Angeles, CA 90061

Emergency Phone #
800-624-9659
www.hylands.com

Recommended Use: Homeopathic remedy temporarily relieves the symptoms of fever, pain, throbbing, irritability and sleeplessness associated with earaches after diagnosis by a physician. Relieves common pain and itching of "swimmer's ear."

Restrictions on Use: There are no restrictions known for this product.

2. Hazard(s) Identification

Emergency Overview: This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonable use.

Fire and Explosion: Expected to be noncombustible.

Health: Handling this product in its final, packaged form presents minimal risk from occupational exposure. Health effects information is based on potential hazards of components.

Environment: No information is available about the potential of this product to produce adverse environmental effects.

Eyes: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingesting: When product is used as intended, it is not expected to cause gastrointestinal irritation. Accidental ingestion of large doses may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

3. Composition/information on Ingredients

Active Ingredient Chemical Name	CAS Number/ID	Concentration %
Belladonna 30C HPUS	8007-93-0	Less than 0.1
Calcarea Carbonica 30C HPUS	471-34-1	Less than 0.1
Chamomilla 30C HPUS	84082-60-0	Less than 0.1
Lycopodium 30C HPUS	84082-56-4	Less than 0.1
Pulsatilla 30C HPUS	62887-80-3	Less than 0.1
Sulphur 30C HPUS	7704-34-9	Less than 0.1

Inactive Ingredient Chemical Name	CAS Number/ID	Concentration %
Purified Water USP	7732-18-5	70.1
Vegetable Glycerin USP	56-81-5	29.5
Citric Acid USP	77-92-9	0.3
Sodium Benzoate NF	532-32-1	0.1

4. First Aid Measures

Ingestion: Never attempt to induce vomiting. Do not attempt to give any solid or liquid by mouth if the exposed subject is unconscious or semiconscious. Wash out the mouth with water. If the exposed subject is fully conscious, give plenty of water to drink. Obtain medical attention.

Inhalation: Physical form suggests that risk of inhalation exposure is negligible.

Skin Contact: Using appropriate personal protective equipment, remove contaminated clothing and flush exposed area with large amounts of water. Obtain medical attention if skin reaction occurs, which may be immediate or delayed.

Eye Contact: Wash immediately with clean and gently flowing water. Continue for at least fifteen (15) minutes. Obtain medical attention.

NOTES TO HEALTH PROFESSIONALS

Medical Conditions: None for occupational exposure.

Caused or Aggravated by Exposure: None for occupational exposure.

Antidotes: No specific antidotes are recommended.

5. Fire Fighting Measures

Fire and Explosion Hazards: Not expected for the product, although the packaging is combustible.

Extinguishing Media: Water is recommended for fires involving packaging.

Special Firefighting Procedures: For single units (packages): no special requirements needed. For larger amounts (multiple packages, larger packages containing more than five (5) kilograms / pallets) of product: since toxic, corrosive, or flammable vapors might be evolved from fires involving this product and associated packaging, self-contained breathing apparatus and full protective equipment are recommended for firefighters. If possible, contain and collect firefighting water for later disposal.

Hazardous Combustion Products: Toxic or corrosive thermal decomposition products are expected when this material and packaging is exposed to fire.

6. Accidental Release Measures

Personal Precautions: Wear protective clothing and equipment consistent with the degree of hazards.

Environmental Precautions: For large spills, take precautions to prevent entry into waterways, sewers, or surface drainage systems.

Clean-up Methods: Collect and place it in a suitable, properly labeled container for recovery or disposal.

Decontamination Procedures: No specific decontamination or detoxification procedures have been identified for this product.

7. Handling and Storage

Handling: Wash hands thoroughly after handling. As with all chemicals, good industrial hygiene practices should be followed when handling this material.

Storage: No storage requirements necessary for occupational hazards. Follow product information storage instructions to maintain efficacy.

8. Exposure Controls / Personal Protection

PPE: All personal protective equipment must be worn consistent with the degree of hazards.

9. Physical and Chemical properties

(a) Appearance (physical state, color, etc.);	Colorless liquid
(b) Odor;	Odorless to Faintly Characteristic
(c) pH;	2.5 – 3.5

10. Stability and Reactivity

Stability: This product is expected to be stable.

Conditions to Avoid: Not determined for normal handling of this product.

11. Toxicology Information

Routes of Exposure

Oral Toxicity: Not expected to be toxic following ingestion.

Inhalation Toxicity: This product is not intended for inhalation use. Toxicity has not been determined.

Skin Effects: Irritation is not expected following direct contact.

Eye Effects: Irritation may be expected following direct contact with eyes, some redness and/or stinging may occur.

Sensitization: Sensitization (allergic skin reaction) is not expected.

Genetic Toxicity: Not expected to be genotoxic under occupational exposure conditions.

Carcinogenicity: Not expected to produce cancer in humans under occupational exposure conditions.

No components are listed as carcinogens by Standard Homeopathic, IARC, NTP or US OSHA.

Reproductive Effects: Not expected to produce adverse effects on fertility or development under occupational exposure conditions.

Other Adverse Effect: None known for occupational exposure.

12. Ecological Information

No information is available about the potential of this product to produce adverse environmental effects.

Local regulations and procedures should be consulted prior to environmental release.

13. Disposal Considerations

Disposal Recommendations: Collect for recycling or recovery if possible. The disposal method for damaged products or products rejected due to packaging integrity issues must ensure that they cannot be resold or reused.

Regulatory Requirements Observe all local and national regulations when disposing of this material.

14. Transport Information

The MSDS should accompany shipments for reference if required by law in the event of spillage or accidental release. Only authorized persons, trained and competent in accordance with appropriate national and international regulatory requirements may prepare dangerous goods for transport.

Transportation and shipping of this product is not restricted.

It has no known, significant hazards requiring special packaging or labeling for air, maritime, US, Canadian or European ground transport purposes.

15. Regulatory Information

Not known for the safety, health and environmental regulations specific for this product.

16. Other Information

Date of Preparation: 05-12-2014

Revision History:

Rev 01 – Create MSDS.

Rev 02 – Updates Safety Data Sheet format to comply with the OSHA requirement for Hazard Communication (HCS) SDSs as of June 1st 2015.

Rev 03 – Update “Composition/ information on Ingredients”

Rev 04 – Update “Composition/ information on Ingredients”
