

Classic Stethoscopes

McKesson Stethoscopes feature a lightweight, diaphragm-only, single-head design that is ideally suited for blood pressure measurement and auscultation. They feature adjustable binaurals and optional comfort-fit, soft eartip replacements. The proprietary diaphragm and non-chill rim design helps provide better acoustic performance than traditional models. These stethoscopes are made with flexible PVC tubing that comes in four colors. A basic pre-assembled model designed for single-patient use is also available.

Features and Benefits

- Lightweight aluminum chestpiece construction
- Nurse-style chestpiece with non-chill rim
- Ideally suited for blood pressure measurement
- Proprietary diaphragm for enhanced acoustic response
- Adjustable aluminum binaurals with PVC eartips
- Flexible PVC tubing available in 4 colors
