VERIFY[™] SixCess[™] Challenge Packs are not hazardous products according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200 and the Controlled Products Regulations; and are manufactured in the absence of lead and other heavy metals.

VERIFY[™] SixCess[™] Challenge Packs contain dry natural rubber.

VERIFY[™] SixCess[™] Challenge Packs do not contain any components derived from animal origin, do not come in contact with materials of animal origin and therefore comply with the “Note for guidance of minimizing the risk of transmitting animal spongiform encephalopathy agent via human Veterinary Medicinal products (EMEA/410/01 Rev. 2 – October 2003).”

The VERIFY[™] SixCess[™] Challenge Packs are used to release loads from steam sterilization cycles. The VERIFY[™] SixCess[™] Challenge Packs provide immediate indication that all critical parameters of sterilization, including steam penetration, have been achieved. The VERIFY[™] SixCess[™] Challenge Packs are not substitutes for biological indicators and are not intended to release loads containing implantable devices.

The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
