

Gauze Bandage Roll

McKesson Gauze Bandage Rolls are made of 100% prewashed, fluff-dried woven cotton to provide maximum absorbency. Its low-linting formulation helps minimize the risk of fibers being left behind in the wound bed. It may be used as a primary or secondary dressing. Features an open-weave design for fast wicking action, superior aeration and excellent absorbency. Bulk cushioning and conformability improve wound site protection. Ideal for bandaging heads, limbs and difficult-to-dress wounds.

Features and Benefits

- Crinkle-weave pattern increases bulk to cushion and protect wounds
- 6-ply construction with finished edges reduce risk of wound contamination and granulomas
- Open-weave design provides fast wicking action and superior aeration to reduce risk of maceration
- Bulk cushioning and conformability improve wound site protection
