

Ophthalmic Drape

McKesson ophthalmic drapes deliver optimal protection and performance in creating and maintaining a sterile field during procedures. The drapes are designed with Quality 3M®-brand film adhesive to provide a strong adhesion during use for added security and reduce the risk of skin irritation or injury upon removal.

Features and Benefits

- Made of medical-grade embossed PE film for quality softness and drapeability
- Translucent material allows physician unobstructed view of surgery area
- Full incise fenestration
- Individually packaged, disposable design for single sterile use and consistent quality
- Not made with natural rubber latex
