accessories | incline bodyweight training 3Grip Pull-up Bar

PARTS: 3Grip Pull-up Bar (remove with retractable pins)

ATTACHMENT INSTRUCTIONS

TO BEGIN INSTALLATION: Stand on one side of the unit facing the tower. Make sure the folding foot holder is in the lowered position or removed. **STEP 1.** Position the 3Grip Pull-up Bar over the rails above the glideboard with handles pointing away from the tower and insert "one" pin into the hole on the side of the rail.

insure it is secure.

STEP 2. Pull out the knob on the second pin and lower the bar

down to the rail. Release the knob when the pin is lined up with

the hole. STEP 3. Carefully push and pull the 3Grip Pull-up Bar to

ACCESSORY IN USE

Pull-up shown using wide grip.
