1 Pegboard Installation

1a Use a Level, and position both 16" Pegboard Strips (AA) in the desired locations. Screw the Pegboards to the wall using #10 x 3/4" screws (PA). **See Note.**

PA (10)

The Pegboard Strips are screwed directly into the plastic. Line up Strip anywhere on wall so that holes are over plastic (and not over a groove in the wall).

Be sure that the Pegboard Strip is level before inserting screws.
