ABENA®

Pre-Moistened Cleansing Wipes

for Adult Protection

- Soft and textured cloth with a pleasant fragrance
- Strong, flexible fabric provides optimal stretch for enhanced utilization
- Aloe Vera to help soothe and moisturize sensitive and irritated skin
- Vitamin E to support skin hydration
- Made with pharmaceutical-grade purified water*
- Locally produced in the state of Florida
- Resealable lid for easy dispensing and lasting freshness
- Hypoallergenic and dermatologically tested
- Free of added dyes, alcohol, phthalates and parabens

Abena's Pre-Moistened Cleansing Wipes for Adults are specially designed for cleansing or washing any part of the body. The special formula with Aloe Vera and Vitamin E offers a pleasant fragrance, fresh sensation and the softness needed for the hygiene of the body.

Safe & Gentle*

Pharmaceutical grade purified water makes up **over 97%** of the liquid found in our cleansing wipes.

After the water is collected from the naturally filtered Biscayne Aquifer in South Florida, it is purified in several stages:

- Softening filters
- Carbon filters
- Reverse osmosis system
- Deionizing filters
- Water loop with UV lamp
- Water loop with 0.1 micron bacteria filters

All of these processes help contribute to a cleansing wipe that is safe and gentle on sensitive skin.
