

GripProtect®

High Risk 14 mil Latex Exam Gloves

When maximum protection matters don't take the wrong risks

GripProtect High Risk 14 mil Latex Gloves are made for users requiring a thick glove with ultimate protection. Pest and animal control, first responders and other hazardous occupations depend on superior personal protection, so they can protect all of us.

Heavy duty 14 mil-thickness combined with medical exam grade testing ensures the highest level of security, quality and consistency. An extended length of 290 mm provides additional coverage down the wrist and forearm. The gloves exhibit generous tactile sensitivity and softness for such a thickness.

- Powder-free
- Non-sterile
- Textured fingertips
- Biodegradable
- Ambidextrous
