

AN EFFECTIVE OPTION TO TREAT YOUR SEVERE PAIN

**Blocks severe pain
instantly and delivers
up to 24 hours of relief**

BioWraps® deliver direct and deep therapy when severe pain strikes. These wearable compression garments allow the delivery of BioWave's high frequency neurostimulation into deep tissue to specific parts of the body, relieving acute, chronic and post-operative pain without drugs or surgery. Two models are available. Blue BioWrap-Back and Blue BioWrap-Knee for effective relief of severe pain and featuring Velcro-backed hydrogel electrodes.
