IN 2 SIZES!**

## *Your Dirt Sticks To Us!*

The New and Improved Roll 'N Go Klean Stick is an innovative cleaning tool that cleans multiple surfaces at multiple levels. This adhesive roller allows for the collection of dirt without using a vacuum. And for added convenience and comfort, the telescoping handle extends up to 45 inches and includes a molded hanger hole at top of handle for easy storage. For quick and easy clean ups without breaking a sweat, reach for the Roll 'N Go Klean Stick and let the sticky sheets do all the work.

### KEY BENEFITS

- **Large 10-Inch Option:** The large roller covers more space in a single pass, such as large floor surfaces, so you can pick up a more stuff in less time.
- **Smaller 4-Inch Option:** Designed specifically for those smaller, harder to reach areas. Easy to maneuver around furniture and bathroom fixtures. Great for cleaning upholstery and stairways, too.
- **Telescoping:** To provide a long reach when needed, the extension pole can adjust up to 45" as necessary. Includes a molded hanger hole at top of handle for easy storage.
- **Quality:** Better than the competition! Constructed from aluminum, it is both lightweight and sturdy. The adhesive material is stickier and longer lasting.
- **Convenience:** The easy-tear diagonal cut tape layers help you find the edges fast, so when the sticky sheet fills up, replacement is easy as 1, 2, 3. Simply Tear It Off, Toss It Away, And You Are Ready For More Easy Pick Ups!
