Green Tree® Basics

Introducing Medline's new Green Tree Basics Paper Product line. These paper products are made from 100% renewable sources: made with grass, sugar cane and bamboo. You will find this product not only "green" it is soft and very affordable.

Toilet Tissue

NON27800	Standard roll, 2 ply , 100% Recycled, 500 sheets/roll, 96 rls/cs
NON26800	Standard roll, 2-ply, 4.5" x 3.8", 500 sheets/roll, 96 rls/cs
NON26801	Standard roll, 1-ply, 1000 sheets, 96 rls/cs
NON26805	Jumbo roll, 2-ply, 3.8" x 1000' 8 rls/cs

When you choose to use our Green Tree paper line, you're helping the environment — one roll at a time! All Green Tree products are made from recycled paper, so no trees are needlessly cut down. Even though they are gentle on the environment, Green Tree products are strong enough to stand up to tough cleaning needs at your facility.

Think Green

Did you know...

- Each person uses approximately 700 pounds of paper products per year?
- Paper accounts for 40 percent of all waste?

Why recycle?

By recycling one ton of paper, you save:

- 17 trees
- 6,953 gallons of water
- 463 gallons of oil
- 687 pounds of air pollution
- 3.06 cubic yards of landfill space
- 4,077 Kilowatt hours of energy

Dispensers

Our most popular Jumbo Bath Tissue Dispenser is slim and compact, making it the perfect choice for use with our Green Tree NON26805.

SJIR4090TBK Jumbo Dispenser 4 ea/cs

The VersaTwin Standard Bath Tissue Dispenser eliminates waste by protecting a visible fresh roll until the first roll is completely used. Use with our Green Tree NON26800 or NON27800.

SJIR3600TBK VersaTwin Dispenser 6 ea/cs

Manual Ultrafold® C-Fold/ Multifold Towel Dispenser

The Ultrafold dispenser's low profile design makes it ideal for small places. The Present System offers a touchless, smooth, one-at-a-time towel presentation of C-Fold or Multifold towels that add to a pleasing image. Ideal for tight fitting applications. Designed to eliminate overstuffing of towels. Optional adhesive back for mounting on the mirror to replace towel baskets. Uses NON26810, NON26820, NON26813 or NON25815.

SJIT1750TBK Ultrafold C-Fold/Multifold
Towel Dispenser ea

Manual Centerpull Towel Dispenser Helps Reduce Costs While Providing Hand Hygiene

The Centerpull Towel is a large capacity dispenser designed to reduce maintenance costs. Large capacity ensures long intervals between refills. Dispenses single sheets of perforated centerpull towel for reliable portion control. Touchless centerpull design helps provide a hygienic hand-drying environment.

Uses NON26830 paper towels.

SJIT400TBK Centerpull Towel Dispenser ea

Automatic Classic Dispenser

This compact electronic paper towel dispenser is up to 25% smaller than other electronic paper towel dispensers. Holds an 8" Hardwound Paper towel roll. Operates on 4 D batteries not included. Uses NONPBM800N or NONPBM800B

SJIT8000TBK Automatic Tear-N-Dry ea

Our Boutique Cube-Shaped Tissue Box

These new, attractive boutique-style boxes contain our softest premium tissue. The multicolored design works with virtually any room decor. In addition to being stylish, the box also features a shield to keep dust particles at bay.

NON245278 2-ply, 8.33" x 9" 85 sheets/bx, 36 bx/cs

Premium

- Softness, strength and absorbency for your everyday needs
- Our highest-quality
- The NON245277 tissue is the same tissue as the NON245278 boutique tissue. The only difference is the box.

NON245277 2-ply, 8.0" x 8.4" 100 sheets/bx, 36 bx/cs

Standard — Part of Our Green Tree line

- Made from recycled paper
- An economical choice for your facilities
- Available in three different box sizes to meet all needs

NON243277 2-ply, 8" x 8.3" 90 sheets/bx, 30 bx/cs
 NON243276 2-ply, 6" x 8" 60 sheets/bx, 72 bx/cs
 NON243275 2-ply, 5.7" x 7" 40 sheets/bx, 200 bx/cs

Toilet Seat Covers

Toilet seat covers provide protection to users. These white paper seat covers dispense easily and fit any toilet seat.

Bags & Liners

Discover Medline bags and liners—and discover that Medline offers you more! Healthcare’s best value also has a selection as broad as your needs.

Our vast array of sizes, gauges and colors means you’ll find a Medline bag or liner to fit any healthcare application.

Since we offer it all — and all at a great price — you can save time and money by making Medline your single supplier of bags and liners. Your Medline representative is ready to help you evaluate your bag and liner needs.

Bag and Liner FAQs

What’s the difference between low- and high-density bags and liners?

These terms describe two different types of polyethylene used in manufacturing. Bags made from low-density polyethylene feel thicker and softer. They also offer exceptional tear resistance. Bags made from high-density polyethylene are thinner, feel more rigid and provide increased puncture resistance. Because they’re thinner, high-density bags usually cost less, even though they’re just as strong!

What’s a micron?

A micron is a unit of measurement equal to one millionth of a meter. It is used to designate the thickness, or gauge, of high-density bags.

What’s a mil?

A mil is a unit of measurement equal to one thousandth of an inch. It denotes the gauge of low-density bags.

Strong, Leakproof X-SEAL Design

Most Medline bags and liners feature a super-strong X-SEAL bottom. The X-SEAL design is a remarkable improvement over traditional flat-sealed or gusseted bags. Because it has no gussets, an X-SEAL liner has no weak spots along the bottom seal, where leaks could occur in typical bags and liners. Its unique shape allows an X-SEAL liner to easily conform to any container, distributing refuse evenly around the bag for maximum carrying capacity.

MEDLINE’S BAG/LINER “TAKE A STAND” PROGRAM

Replace your current bag and liner system with Medline quality bags and liners and receive our durable hamper stands free in exchange for your business! If you own your own stands, we’ll replace them when needed.

It’s that easy! Simply discuss your monthly usage of bags and liners with your sales rep to determine how many stands your facility will need.

Our durable hamper stands offer:

- Convenient foot-pedal operation
- Poly-coated metal cover (controls odor and cross contamination)
- Plastic-coated rings to hold bags in place
- Bilingual caution stickers
- Durable 1" chrome-plated steel construction
- Four 3" ball-bearing swivel casters (two locking)
- Three-year warranty on materials and workmanship

MDS80529

Covered rectangular hamper stand

Low-Density Black and Clear

Low-density bags feature maximum puncture and tear resistance. They are manufactured in a wide range of sizes and are suitable for a variety of applications.

Bags & Liners

High-Density

High-density liners are a great choice for soft refuse (typical office, restroom, paper, etc.). High-density liners are not only stronger, they offer a cost savings over traditional low-density products.

PermaFLOW® Never Clog Drain

No More:

- Using dangerous chemicals
- Frustration and mess from plunging
- Removing the P-trap and all that entails

Mechanical Wiper

- Clears the worst clogs
- Provides a by-pass option
- Allows easy retrieval of lost items

Green by Design:

- Assists Low Flow Rate Faucet's
- Reduces Pollution and Water Wastage
- Eliminates Nasty effects of Chemicals

Clear Design

Eliminates the mystery – you can see when the clog is gone!

Universal Design
Fits most sinks

Self Cleaning

Replaces chemicals
Assists low flow faucets
No messy drain removal

Easy to Use

Removes clogs
Emergency by-pass
Rescues lost jewelry

Universal Design

Fits most sinks
Chemical resistant
Easy installation

The NO-Pain Drain!

PermaFLOW Never Clog Drain prevents clogs.

It is engineered to help easily remove the drain buildup before it develops into a clog eliminating the need for secondary maintenance products and procedures such as plunging, dangerous drain cleaners, messy drain disassembly, and associated health, safety and environmental concerns.

This new 'Green by Design' 4 in 1 multifunctional fixture provides a common sense tool to reduce the time, effort and money needed for property maintenance and has a positive influence in the best practices of residential and commercial Green building.

PFW00121 PermaFLOW Drain

Hands-Free Auto Sensor Flushers for Toilets and Urinals

Look no further. These features along with the dependability of E-Z flush makes this your first choice for sensor flush and retrofit kits.

- ✓ Increased water conservation
- ✓ New angled face allows for user detection even with the toilet seat in the raised position
- ✓ Sensor lens has increased impact strength to protect against vandalism.
- ✓ Switchable automatic 24 hour optional flush
- ✓ Three second detection delay eliminates false flushes due to user movement
- ✓ Manual override button
- ✓ ADA compliance
- ✓ LED low battery indicators
- ✓ Fits Zurn and Sloan flush valves

item number	description	packaging
ZURZERKCP	EZ FLUSH Automatic Flush Valve Sensor Comes with installation wrench and (4) "C" batteries	each

Help reduce contamination with touch-free hand systems!

The Center for Disease Control (CDC) agrees that hand washing is an important means of preventing the spread of infection. Avoiding touching your faucets and toilets is a smart way to reduce cross-contamination. The EZ Flush & Faucet's also conserve water by stopping when not in use. A smart idea for any facility.

- ✓ Inlet for 1/2" ball riser supply
- ✓ Unit is complete with sensor module, spout module and in-line filter

ZURZ6915 Touchless Sensor Faucet

Clostridium difficile presents a unique and growing challenge to healthcare providers and institutions. This challenge is complicated by the organism's microbiology, its infective nature, broad-spectrum antibiotic use and by the susceptibility of older or immunocompromised patients.

“The CDC encourages the use of an EPA-registered disinfectant for *Clostridium difficile* in patient care areas”*

DISPATCH® Hospital Cleaner Disinfectant with Bleach is an EPA- registered, tuberculocidal, hypochlorite-based cleaner disinfectant. 1:10

The bleach concentration of Dispatch is just slightly stronger than the CDC's recommended strength for effective disinfecting. Dispatch needs no mixing and has a special anti-corrosive ingredient. Dispatch has one-minute efficacy on bacteria, viruses and fungi.

A One-Step Cleaner Disinfectant Formulated to Deliver Faster, More Effective Cleaning

Oxivir™ Tb is a ready-to-use general virucide, bactericide, tuberculocide, fungicide and sanitizer all in one. It is a one-step, hospital-grade, broad-spectrum disinfectant that disinfects most non-porous hard surfaces. Formulated with proprietary AHP technology, Oxivir Tb kills a wide variety of organisms including Feline Calicivirus (surrogate for Norovirus), Hepatitis B, Hepatitis C, Avian influenza and drug-resistant organisms such as MRSA and VRE. It can be used with microfiber and has no strong chemical odor. It is environmentally responsible and non-corrosive. Oxivir Tb meets OSHA's bloodborne pathogen standards for HBV and HIV.

Cleaners & Disinfectants

Diversey™

ProSpeed Floor Finish Applicator System "simplifies" the process of applying floor finish with an ergonomic application tool, a simple delivery system for the finish, a 2.5 liter BIB (Bag in Box) of finish and application pads.

INCREASE PRODUCTIVITY & COST SAVINGS!

Reduces chemical usage - Dramatically reduces labor costs, including set-up and clean-up times. Faster application time to apply finish.

INCREASE QUALITY RESULTS

Simple to use, Easy training.
Consistent, high quality floor finish application.

ENVIRONMENTAL IMPACT

Reduces offensive floor finish odors and VOCs for users and residents by way of air-tight packaging. Significant reduction in water use during clean-up.

SAFE & EASY-TO-USE

No user contact with finish, no components to clean.
Ergonomic design reduces user fatigue.

C. Made from 100% Recycled material. Absorbs 7 times its weight. Dramatically out performs traditional polyester-rayon. Light-weight, non-linting. Attaches to a standard clamp mop handle.
Disposable Economy Mop Polyester Rayon EVS67448 12 ea /cs

INTRODUCING THE NEW EDGE MOP

Dependable disposable mop for large spills or liquid that needs to be picked up.

The New Edge Mop is produced from 100% post industrial recycled rayon/synthetic non-woven edge trim. Ounce for ounce this material exhibits 40% greater absorption than conventional plied cotton products. Due to the increased absorption, the same cleaning results may be achieved while using less material. By reducing the amount of material used to make the mop, costs are reduced, as is material entering the waste stream.

In addition, these mops exhibit increased abrasion resistance, greatly reducing linting. It's nonwoven fiber will not unravel and leave behind broken strings, because there is no cotton in this product. It requires no break-in and will absorb immediately.

- ✓ 40% greater absorption over traditional cotton
- ✓ 20% greater release, reducing wringer strain
- ✓ Reduced linting
- ✓ No unraveling
- ✓ Immediate absorption (no break-in time)
- ✓ 100% post industrial Recycled material
- ✓ Domestically produced

ODENW712	#12 Rayon/Poly Non-woven Cut End Mop, 12 ea/cs
ODENW1016	#16 Rayon/Poly Non-woven Cut End Mop, 12 ea/cs

These Looped Mops Are Made From ENTIRELY Recycled Materials!

In today's ever changing environment, people world wide are looking for opportunities to contribute to the cumulative effort of improving the current state of Earth's ecosystem. One such effort is the use of engineered fibers produced entirely from recycled materials, which include reclaimed components such as cotton and PET plastic bottles. By incorporating recycled PET plastics into new, usable goods we can effectively diminish waste going into our landfills while also conserving the raw natural resources that would otherwise be used for the same purpose.

Echo Mop 1200 Series

- ✓ Absorbs over 4.4 times its weight in water.
- ✓ Releases almost 30% upon wringing
- ✓ Over 20% better performance than competitive all-synthetic wet mop yarns
- ✓ Dries amazingly fast — 90% dry after only the spin cycle of the washer.
- ✓ Air dries 100% overnight
- ✓ Much longer lasting and lower linting than competitive yarns
- ✓ Less than half the weight loss in laundry than competitive yarns.
- ✓ Comprised of 30% post consumer waste and 67% post industrial waste.
- ✓ Free from post recycling dyes
- ✓ Packaged 12 ea/cs

Rugs & Mats

Looking for a great mat for your Hand Sanitizing Stations? SAVE YOUR FLOORS and HELP reduce slips and FALLS by using these mats. A 2x3 Mat is the perfect size.

PROTECT YOUR FLOORS

Everyone is now in the process of putting Hand Sanitizing Stations around their facilities, but sometimes it creates problems with the floor finish or the hand sanitizer getting on the floor which creates a slips and fall hazard. With our Color Star Mats you can save your floors and help reduce slip and falls around your hand sanitizing stations. The Color Star 2x3 is the perfect size. There are a variety of colors to choose from: Red Heather, Bay Blue, Dark Green, Deeper Navy, Black, Brandywine, Charcoal Heather, Starry Night, Slate Grey, Brown Heather, Forest Green, Shadow Mist, Golden Brown, Navy Spice, Confetti Grey, Cinnamon, Wine. Also available in blended colors for today's commercial interiors.

MAC1252X3 2' x 3' Mat
MAC1253X5 3' x 5' Mat
MAC1253X10 3' x 10' Mat

Anti-Fatigue Static Reducing Mats

If your feet are tired from standing, you should try our Happy Feet® Mats. Most anti-fatigue mats have exposed foam which soaks up water, solutions and other liquids, Happy Feet mats are made of a dense rubber cushion that is encapsulated within solid nitrile rubber to protect against deterioration and contamination. For added safety Happy Feet has a low profile and beveled border that will not curl up and break off.

MAC4802X3 2' x 3'
MAC4803X5 3' x 5'
MAC4803X10 3' x 10'

Help Control Contamination

Disposable Mats Are Unmatched in Dirt and Duct Control. These contamination control mats keep dirt and particulate matter to a minimum in sensitive areas. Treated with an active biocide, they attract and contain soil with no adhesive transfer to shoes. Insoluble biocide is nontoxic. Each pad contains 30 sheets; when top sheet is visibly dirty, simply remove and discard.

Mats available in the following colors:

Pictured in Amber Maple

All Hog Heaven mats are certified slip-resistant by the National Floor Safety Institute

Hog Heaven Mats are Anti-Fatigue & Anti-Static

These mats feature an extra thick (.170") rubber marbled top to ensure long life and less stress on legs. The closed cell nitrile cushion provides long lasting comfort and the smooth diamond patterned rubber top allows workers to pivot freely. The cushion is not glued on but is permanently molded to rubber top eliminating the possibility of delamination. They are all 5/8" thick. For use in dry environments Color Options: Midnight Swirl (Black), Granite Dusk (Gray), Blue Merle, Amber Maple (tan), or Vintage Tan.

Microfiber Telescoping Mop Handle

ergonomic

locking feature

Locking Mop Frame

Swiveling head for more effective mopping. These aluminum mop frames feature rotating swivel heads for multidirectional movement and riveted hook-and-loop strips to securely hold flat mop heads. If desired, the mechanism can be locked in place for two-directional movement. Non-locking frames are also available.

Medline MicroMax Microfiber Mop Bucket

Durable and featuring high-quality plastic construction, the MicroMax Microfiber mop bucket holds up to 20 each of 18" MicroMax or MicroMax G2 mops. They lay flat, eliminating the need for staff to roll up the mops and wring them out manually. Plastic dividers keep wet mops in place. 2/cs.

MDT217600	20" W x 10" H x 10" D bucket, yellow
MDT217608	Complete set: bucket, casters, strainer
MDT217603	20" W x 10" H x 10" D bucket, blue

MicroMax Wet Mop

Cleaning at a microscopic level. This wet mop has double-layered construction with an outer layer of 100 percent twisted microfiber (80 percent polyester/20 percent polyamide fibers). The inner layer is made of high-density foam for increased absorption. The MicroMax Select Wet Mop has five color strips on the back of the mop for easy color coding. Blue.

MDT217621	24" (61 cm)	Wet Mop	12 ea/cs

Advantage Wet Mop

Experience the microfiber advantage. The “advantage” of this mop is the 100 percent microfiber in the middle of its pad. Its construction is similar to the MicroMax Wet Mop; we simply replaced the foam layer with microfiber to make the Advantage Wet Mop more durable and last twice as long. The Advantage Sweep Wet Mop has all the same great benefits plus 100 percent split microfiber fringe sewn around the edges for more effective dusting.

Microfiber

High Duster

Versatile tool for your cleaning needs. The flexible arm on this high duster is fully bendable to dust those hard-to-reach areas. The washable, 100 percent split microfiber sleeve traps particles without creating airborne dust. The high duster arm can be removed from its handle and clicked onto our Telescoping Mop Handle (MDT217605) for maximum reach. Great for ceiling fans, ledges, shelving and more.

- MDT217750 High Duster w/Microfiber Sleeve, 1 ea/cs
- MDT217751 High Duster Sleeve Replacement, 10 ea/cs

GrabberMaxx™ High Duster Sleeve

The power of GrabberMaxx for your high duster. The Grabber side of our High Duster Sleeve picks up large particles and big messes. Use the smooth side to trap dust, dirt and particles. A generous opening on the sleeve allows the high duster arm to easily slide in and out. Hook-and-loop closures keep the sleeve securely in place. Designed to be paired with our High Duster (MDT217750), hardware sold separately.

- MDT217851 GrabberMaxx™ High Duster Sleeve 10 ea/cs

MicroScour Pad

Erases stubborn streaks. Removes scuff marks and stubborn spots with ease. Made of 100 percent microfiber with scrubber strips throughout.

- MDT217717 18" (46 cm) MicroScour Pad, 100 ea/cs
- MDT217717Z 18" (46 cm) MicroScour Pad, 25 ea/cs
- MDT217716 24" (61 cm) MicroScour Pad, 100 ea/cs

Cleaning Cloth

Making cleaning more efficient. These multipurpose cleaning cloths are ideal for patient contact areas such as countertops and bedside tables. 100 percent microfiber construction of 80 percent polyester/20 percent polyamide fibers.

Grabber Duster Mitt

Great for all types of cleaning. Use the Grabber side of this mitt to clean small crevices, then trap dust, dirt and particles with the smooth side. This mitt accommodates both right- and left-handed users. To switch sides, simply bring your fingers close together inside the mitt and turn the cuff. The Grabber duster mitt is ideal for honeycomb vents and blinds.

MDT217888	Grabber Duster Mitt, Purple	100 ea/cs
MDT217888Z	Grabber Duster Mitt, Purple	10 ea/cs

Grabber on one side,
Smooth on the other!

GrabberMaxx™ Heavy-Duty Wet Mop

Maximum absorption. This heavy-duty wet mop is uniquely designed to absorb big spills and pick up larger dust particles, yet it's still lightweight. It absorbs 30 percent more than a large traditional cotton string mop.

MDT217657	18" (46 cm) GrabberMaxx™ Wet Mop	25 ea/cs

MSC9962GRA

HandClens® Alcohol-Free Instant Hand Sanitizer

For the facility that needs an instant sanitizer that is alcohol-free (psych wards, prisons and schools), and in response to the National Fire Protection Association (NFPA) concern over alcohol being a fire hazard, Medline is offering an alcohol-free, non flammable foam instant hand sanitizer. Instead of alcohol, Benzalkonium Chloride is the active ingredient. Also available is a hypo-allergenic version that is scent and fragrance free. Both meet the minimum guidelines for an antiseptic hand sanitizer set by the FDA.

Bathroom Stone: The Non-Toxic Heavy-Duty Cleaner Made Entirely From Recycled Materials

Earthstone is an alternative solution to strip-mined pumice products, as a way to recycle glass by diverting tons of waste from America's over crowded landfills. This product is composed of 95-99% recycled material - recycled glass cullet. The equivalent of one 12 oz bottle is removed from the landfill for every 3 Earthstone blocks produced. Earthstone products are produced in Santa Fe, NM.

Excels in cleaning: Rust Stains, Hard Water, Soap scum and mildew. Safe on Surfaces for porcelain, ceramic tile and grout lines. In the kitchen use on baked on food, and tough grease, also great on grills.

NEW!!! Now CSFM approved

Fire-Resistant Recycling Wastebaskets Are Now California State Fire Marshall Approved

Fire-resistant wastebaskets are an essential product for hospitals, nursing homes, offices, and just about everywhere. Designed and manufactured using Fire-Gard technology, the Waste-Safe™ baskets are made from thermoset material with fiberglass reinforcement; the UL® Classified wastebaskets are now available with “WE RECYCLE” in Green and are still available in Beige and Black as well with no imprint.

UL Classified, will not burn, and will not contribute fuel to a fire, seamless construction – will not leak. Corrosion and rust proof, easy-to-clean, provides for a low cost solution compared to metal. Promotes Fire and organizational safety. Proudly Made in the USA.

Go Hands Free & OSHA Compliant with Our Step On Trash Can

This trash can features a sturdy step on pedal which helps eliminate the need to use your hands to open and keeps germs at bay. This line of receptacles is Factory Mutual (FM) and California State Fire Marshall (CSFM) approved for fire safety. Lid closes securely to receptacle base which keeps odors contained. Lid attachment is covered on top so dirt does not collect in hinge. Unique "key-way" notch holds standard size liners.
