

Fresh Peaches™

Treat Your Tushie

Upgrade your wiping experience with a toilet paper gel that's safe and gentle on your behind

Upgrading the wiping experience

Toilet Paper on its own isn't enough and we aren't using it properly. Doctors recommend using only 3 wipes with toilet paper before it starts harming your tushie, but the problem is we often need more than 3 wipes to get clean. A drop of Fresh Peaches gel moisturizes your toilet paper so that you can wipe without friction & get a clean tushie comfortably. Our gel is designed to sit on top of toilet paper and it won't compromise your toilet paper like water or foam will.

Better for the planet and your pipes

The last thing you want is a clog in your home's pipes or a massive clog in the city's sewer system. Unfortunately, even flushable wipes aren't actually flushable since they can take years to break down in oceans & landfills. Fresh Peaches is 100% flushable and it won't clog pipes, plus since it's made with safe plant-based ingredients, it's also biodegradable.

Formulated with your tushie in mind

Our core values are "safe for the planet" but also "safe for your tushie". All of our ingredients are a 1 on the EWG ratings for safety. Our gel has been clinically tested and it's non-irritating and safe for sensitive skin. We prioritize plant-based ingredients and our formula is 98% plant-based. You won't find any toxic chemicals, parabens, or fragrances in our gel.
