

CAPSTONE 600 SERIES

TIME FOR AN UPGRADE

THE PEAK OF SAFETY AND STYLE

FEATURES

Modern co-material goggle provides superior protection against dust entry and chemical splash.

Thermoplastic (TPE) body is flexible and contours to the user's face.

First class optical polycarbonate lens with impact resistance against flying particles.

Soft frame body with pliable facial contours and universal nose bridge forms a custom fit.

Indirect ventilation system frame prevents fogging by providing a sufficient outlet for body heat.

H₂X anti-fog technology allows lenses to remain unaffected 15 times longer than other anti-fog treatments. The new coating will withstand weather and temperature environments where humid or cold conditions cause eyewear to fog.

ANSI Z87.1-2003 High Impact Standards

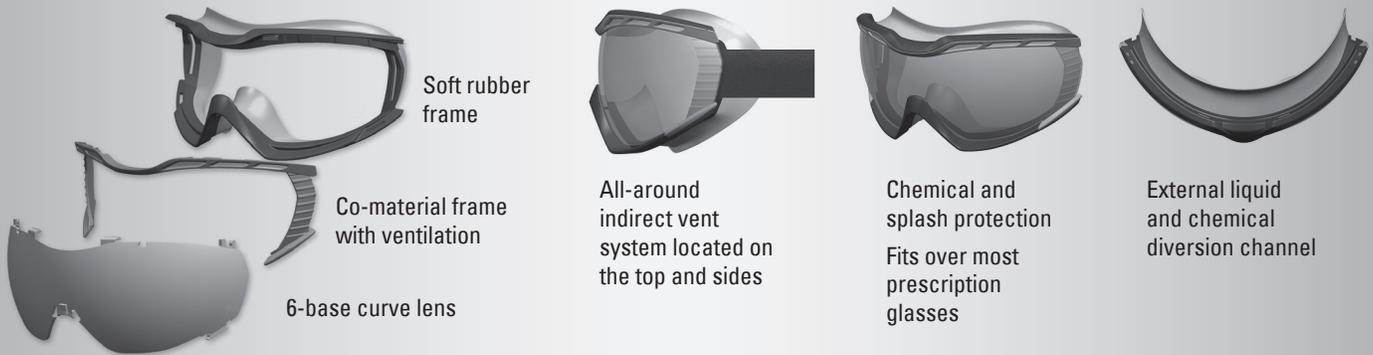

MIL-V-43511C Ballistic Standards

CAN/CSA Z94.3-07 Certified

CE EN166 Certified

H₂X Lens Technology
