

METAL UTILITY CARTS

TWO-SHELF COLLAPSIBLE METAL UTILITY CART MSCC-2

Luxor's Two-Shelf Collapsible Metal Utility Cart is the perfect combination of quality, durability, and mobility. Constructed with a chrome plated frame and black steel shelves, the MSCC-2 folds in a single motion, offering a space saving design that's ideal for event transportation and storage.

This contemporary folding cart features two metal shelves with raised edges to keep contents secure when moving from room to room. With an overall weight capacity of 200 lbs. (100 lbs. per shelf), this foldable cart has impressive sturdiness, enabling it to move heavy items easily, while the comfortable tubular handle and four 4" TPR non-marking swivel casters allow maneuvering between tight spaces a breeze.

Features:

- Ideal for restaurants, catering events, hospitality venues, and business environments
- Cart folds in a single motion; perfect for mobile transport and storage
- Chrome-plated frame with two black steel shelves
- Holds up to 200 lbs. (100 lbs. per shelf) evenly distributed
- Shelves have raised edges to keep contents secure during transportation
- Four 4" Thermoplastic Rubber (TPR) casters, two with locking brakes
- Minimal assembly required – simply attach casters

Dimensions:

- Overall dimensions: 33.75" W x 19.5" D x 39.5" H
- 21" of space between top and bottom shelf
- Collapses to 6" width
