

McKESSON

PREVENT[®]R

Shielded IV Catheter

McKesson Prevent[®] R shielded IV catheters are designed to be inserted into the patient's vascular system for short term use to sample blood, monitor blood pressure, or administer fluids intravenously. It has a push-button safety design to allow one-handed needle retraction into the safety shield for reduced risk of accidental needle-stick injuries.

FEATURES AND BENEFITS

- Push-button safety design allows one-handed needle retraction into the safety shield for reduced risk of accidental needle-stick injuries
- ISO-compliant, color-coded catheter hubs and packaging for easy identification of gauge size
- Flash chamber provides visual confirmation that catheter has entered the vein
- Soft, flexible, kink-resistant material further softens inside to conform to the shape of the vessel
- Radiopaque materials allow use during x-rays or other forms of radiation
- Non-pyrogenic and not made with natural rubber latex or DEHP

Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

Never Compromise on CareSM

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them—making it even easier for you to provide the best care for your patients.

The product information contained in this document, including the product images and additional product materials, was collected from various supplier sources. All product claims and specifications are those of the product suppliers and have not been independently verified by McKesson Medical-Surgical or its affiliates ("McKesson"). McKesson is not responsible for errors or omissions in the product information.

The properties of a product may change or be inaccurate following the posting or printing of the product information in the document, either in the print or online version. Caution should be exercised when using or purchasing any products from McKesson's online or print documents by closely examining the product packaging and the labeling prior to use.

Due to product changes, information listed in this document is subject to change without notice.
