

Foam earplugs

McKesson earplugs deliver a Noise Reduction Rating (NRR) of 32 decibels, helping protect ears from loud noise. Keep McKesson's uncorded earplugs on-hand to follow safe practices and help prevent hearing loss at work or on-the-go. McKesson's earplugs are made of low-pressure, slow-release polyurethane foam and fit securely in the ear canal. These earplugs offer low-profile hearing protection that can be used comfortably while wearing helmets, hats, and hoods. Individually packaged by the pair, McKesson foam earplugs are convenient for work, travel, construction, concerts, sleeping, yard work, and other high-volume situations. McKesson earplugs are sold by the bag—equipped with a zip closure that seals the included 200 pairs—and by the case.

Features and benefits

- Helps prevent hearing loss; provides a Noise Reduction Rating of 32 decibels (NRR: 32 dB)
- Uncorded
- Made of low-pressure, slow-release polyurethane foam
- Bullet-shaped foam features 20-45 second rebound time; conforms to the shape of the ear canal for a secure and comfortable fit
- Perforated notch on individual poly-pack (pair) enables easy opening
- Disposable for hygienic and convenient one-time use
- Bulk packaging contains 200 individually wrapped pairs in a convenient zip-closure polybag
- Highly visible, bright orange color helps ensure usage and promotes safety
- Great for work, travel, yard work, wood working, construction, concerts, sleeping, studying, motorcycling, and loud events
- Quality product meets industry standards, including CE EN352-2, ANSI S3.19, AUS/NZS1270:2002, ISO9001:2015, BSI, BSCI
- 2.4 cm x 1.3 cm (0.9 in x 0.5 in)
- Not made with natural rubber latex
