

Light Handle Covers

McKesson Light Handle Covers are designed to aid medical professionals in the maintenance of sterile operating rooms. Constant light adjustment during medical procedures creates the need for an accessory that will be compatible with the adapters. Our light handle covers supply that need. Available in flexible and rigid styles, they glide or twist on with no difficulty. Lightweight plastic makes the disposable accessories adaptable to fit the specific surgery/procedure light required. Ideal for hospitals or wound care centers.

Features and Benefits

- Compatible with surgery/procedure light handle adapters provided by the manufacturer
- Individually packaged in singles or doubles to maintain sterility
- Flexible and rigid styles available in green
- Not made with natural rubber latex
