

## A speedy start to the work day.

The **TT Elite Swipe EK** unites simple to use time & attendance with the speed & dependability of swipe card technology to quickly clock employees in & out of work.

- Instantly clocks employees In & Out with the “swipe” of a card
- Eliminates need for paper time sheets & time cards
- Powerful TimeTrax™ software offers flexible payroll management & reporting tools including editing capabilities & 10 analytical reports
- Keypad offers flexibility of optional supervisor approved card number entry
- Ethernet connectivity enables multiple time clock stations eliminating congested “punch lines” & delays in arrival & departure times (additional terminals sold separately)
- Expandable to accommodate unlimited employees<sup>1</sup>
- Exports to most major payroll providers

<sup>1</sup>PSDLAUBKK kit includes terminal, 50-employee software package & 50 swipe cards. Holds up to 6000 punches per terminal, per download. Employee software upgrades, additional swipe cards & terminals sold separately.
