

50 litre rectangular step can fingerprint-proof brushed stainless steel

Our classic rectangular step can is designed for superior durability with our patented lid shox technology, a strong all-steel pedal and a fingerprint-proof finish. Its rectangular shape makes it space-efficient and an internal hinge allows the can to fit flat against the wall.

- strong steel pedal: Our strong steel pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years.
- silent close lid: Our patented lid shox® technology controls the motion of the lid for a slow, silent close.
- fingerprint-proof: Fingerprint-proof finish resists smudges to keep stainless steel shiny.
- internal hinge: Internal hinge allows you to place this can right up against the wall.
- hide excess bag: Bag tuck® opening tucks away excess bag so it stays neatly out of sight.
- stay-open lid: The lid stays open for as long as you like — perfect for longer chores.
- built-in wheels: Built-in wheels make the can easy to move (50L only).
- sturdy, non-skid base: Non-skid base has rubber pads that are gentle on floors and keep the can steady.
- custom fit liners: Our liners are tailored to perfectly fit our cans so they don't slip and the bag stays completely hidden when the lid is closed.
