

Proximity Time Clock System - Ethernet

A speedy start to the work day.

The **TT Elite Prox EK** unites automated employee time & attendance management with the speed & convenience of proximity technology to clock employees in & out of work in record time.

- Instantly clocks employees In & Out with the “pass” of a badge or key fob using proximity technology
- 🔄 Eliminates need for paper time sheets & cards
- Powerful TimeTrax™ software offers flexible payroll management & reporting tools including editing capabilities & 10 analytical reports
- New keypad offers flexibility of optional supervisor approved card number entry
- Ethernet connectivity enables multiple time clock stations eliminating congested “punch lines” & delays in arrival & departure times (additional terminals sold separately)
- Expandable to accommodate unlimited employees¹
- Exports to most major payroll providers

¹TTPROXEK kit includes terminal, 50-employee software package & 15 proximity badges. Holds up to 6000 punches per terminal, per download. Employee software upgrades, key fobs, additional proximity badges & terminals sold separately.
