

Diversity in healing

What began as a collaboration between an adoptive dad's chance to affirm and celebrate his son's identity and an Orthopedic surgeon's inventions, grew into Tru-Colour: **the brand standard for embracing Diversity In Healing.**

Toby & Kai 2013

Dr. Wurapa MD FAOCS

Toby & Kai 2018

Started in 2014, Tru-Colour believes in the beauty of the individual and exists to provide skin-tone shade bandages and kinesiology tape for everyone.

100 Count Bandage Box 4 Shade Variety

Lets hospital and business staff quickly find the bandage shade they are looking for. These boxes come with 25 bandages of each skin tone shade so that patients and employees are able to find the bandage that best matches their skin.

1500 Count Bandage Box Single Shade

Provides an easy way for hospital and business staff to quickly and easily restock the 100 count boxes located around the facility. This limits the waste of boxes and bandages when a particular bandage shade runs low.
